### Information Disclosure Statement Pursuant to 37 C.F.R. § 1.97(b)(1)

Honorable Commissioner of Patents & Trademarks  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. A copy of each of these documents is provided.

This Information Disclosure Statements is being submitted after an Initial Office Action on the merits. The fee of \$180.00 (37 CFR 1.17(p)) is enclosed. In the event that the Commissioner determines that any additional fee is required for consideration of this Information Disclosure Statement, the U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to Deposit Account No. 50-0548 referencing docket number 3501-117.

The submitted document is:

AS15 Kirby, C.J. *et al.* (1977) "Cholesterol Uptake by Erythrocyte Membranes," *Biochem. Soc. Trans.* 5(4): 1160-1162

An abstract of the cited document was cited in the International Search Report of Applicants' related International Patent Application PCT/US92/32315, as being "of particular relevance" to either the novelty or inventive step of the claimed invention.

The submission of the listed and appended document is not intended as an admission that such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove the listed document as a competent reference against the claims of the present application.

Applicant respectfully requests that the document listed on the accompanying Form PTO 1449 be considered and made of record in the present application. Applicant further requests that the Examiner initial and return a copy of the enclosed PTO-1449, and to indicate in the official file wrapper of this patent application that the documents have been considered.

While the listed reference is considered relevant to the prosecution of the present application, it is submitted that the reference, either alone or in combination, does not detract from the patentability of the claimed invention.
